Issue		
Security Clearances	Foreclosure is the most challenging issue against a security clearance outside of a conviction of a serious misdemeanor or felony. If a client has a foreclosure and is a police officer, in the military, in the CIA, Security, or any other position that requires a security clearance in almost all cases clearance will be revoked and position will be terminated.	A Short Sale on its own does not challenge most security clearances.
Current Employment	Employers have the right and are actively checking the credit regularly of all employees who are in sensitive positions. A foreclosure in many cases is ground for immediate reassignment or termination.	A short sale is not reported on a credit report and is therefore not a challenge to employment.
Future Employment	Many employers are requiring credit checks on all job applicants. A foreclosure is one of the most detrimental credit items an applicant can have and in most cases will challenge employment.	A short sale is not reported on a credit report and is therefore not a challenge to employment.
Deficiency Judgment	In 100% of foreclosures (except in those states where there is no deficiency) the bank has the right to pursue a deficiency judgment.	In some successful short sales it is possible to convince the lender to give up the right to pursue a deficiency judgment against the homeowner.
Deficiency Judgment (amount)	In a foreclosure the home will have to go through an REO process if it does not sell at auction. In most cases this will result in a lower sales price and longer time to sale in a declining market. This will result in a higher possible deficiency judgment.	In a properly managed short sale the home is sold at a price that should be close to market value and in almost all cases will be better than an REO sale resulting in a lower deficiency.
